Fine Dining in Wine Country

If you are going to entertain affluent guests among the beauty of wine country, there are no better options than these ...

FRIDAY EVENING

Boasting one of the most difficult reservations to get in America, The French Laundry was rated the fourth best restaurant in the world by *Restaurant* magazine.

While ingredients such as 100-year-old balsamic vinegar are sourced worldwide, Thomas Keller is a champion of local family-owned producers of high-quality produce, meats and other ingredients. His philosophy is a diversity and progression of small dishes with a variety of tastes and aesthetics.

For this special event, Chef Keller will prepare an extended 13-course menu that will last approximately four hours, with a break suggested midway to relax in The French Laundry's garden. We have also secured the private dining area located upstairs, and are able to accommodate a group of up to 10 guests in luxurious comfort. ETA offers this exclusive opportunity to only our most discerning clients.

Join us ... relax ... unwind ... and let the outside world melt away as your senses take in the views of the valley below.
